INFORMED CONSENT FOR ACUPUNCTURE

I hereby request and consent to the performance of acupuncture treatments and other procedures within the scope of the practice of acupuncture (or on the patient named below, for whom I am legally responsible) by the acupuncturist named below and/or other licensed acupuncturists who now or in the future treat me while employed by, working or associated with the acupuncturist named below, including those working at the clinic or office listed below.

I understand that methods of treatment may include, but are not limited to, acupuncture, cupping, gua sha, electrical stimulation, Tui-Na (Asian Bodywork), Chinese herbal medicine and nutritional counseling. I understand that the herbs may need to be prepared and the teas consumed according to the instructions provided in writing. Some herbs may have an unpleasant smell or taste. I will immediately notify a member of the clinical staff of any unanticipated or unpleasant effects associated with the consumption of the herbs.

I have been informed that acupuncture is a generally safe method of treatment, but that it may have some side effects, including bruising, numbness or tingling near the needling sites that may last a few days, and dizziness or fainting. Bruising is a common side effect of cupping and gua sha. Unusual risks of acupuncture include spontaneous miscarriage, nerve damage and organ puncture, including lung puncture (pneumothorax). Infection is another possible risk, although the clinic uses *sterile disposable needles* and maintains a clean and safe environment. Burns and/or scarring are a potential risk of cupping. I understand that while this document describes the major risks of treatment, other side effect and risks may occur. The herbs and nutritional supplements (which are from plant, animal and mineral sources) that have been recommended are traditionally considered safe in the practice of Chinese Medicine, although some may be toxic in large doses. I understand that some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives, and tingling of the tongue. I will notify a clinical staff member who is caring for me if I am or become pregnant.

I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks at the time, based upon the facts then known is in my best interest. I understand that results are not guaranteed.

I understand the clinical and administrative staff may review my patient records and lab reports, but all my records will be kept confidential and will not be released without my written consent.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment, have been told about the risks and benefits of acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

Female ONLY: Are you pregnant or nursing? YES NO If yes, please check one: pregnant nursing

Cancellation and Missed Appointments Policy

We understand there may be extenuating circumstances; however, we request that any cancellation or rescheduling of your appointment be made at least 24 hours in advance of the scheduled visit. Missed appointments or appointments cancelled less than 24 hours in advance can prevent us from serving others in need and disrupt our practitioner's schedules.

The fee for missed appointments/late cancellation is \$50.

Please note that insurance does not pay for cancellation or missed appointment fees.
